

Apache
CouchDB

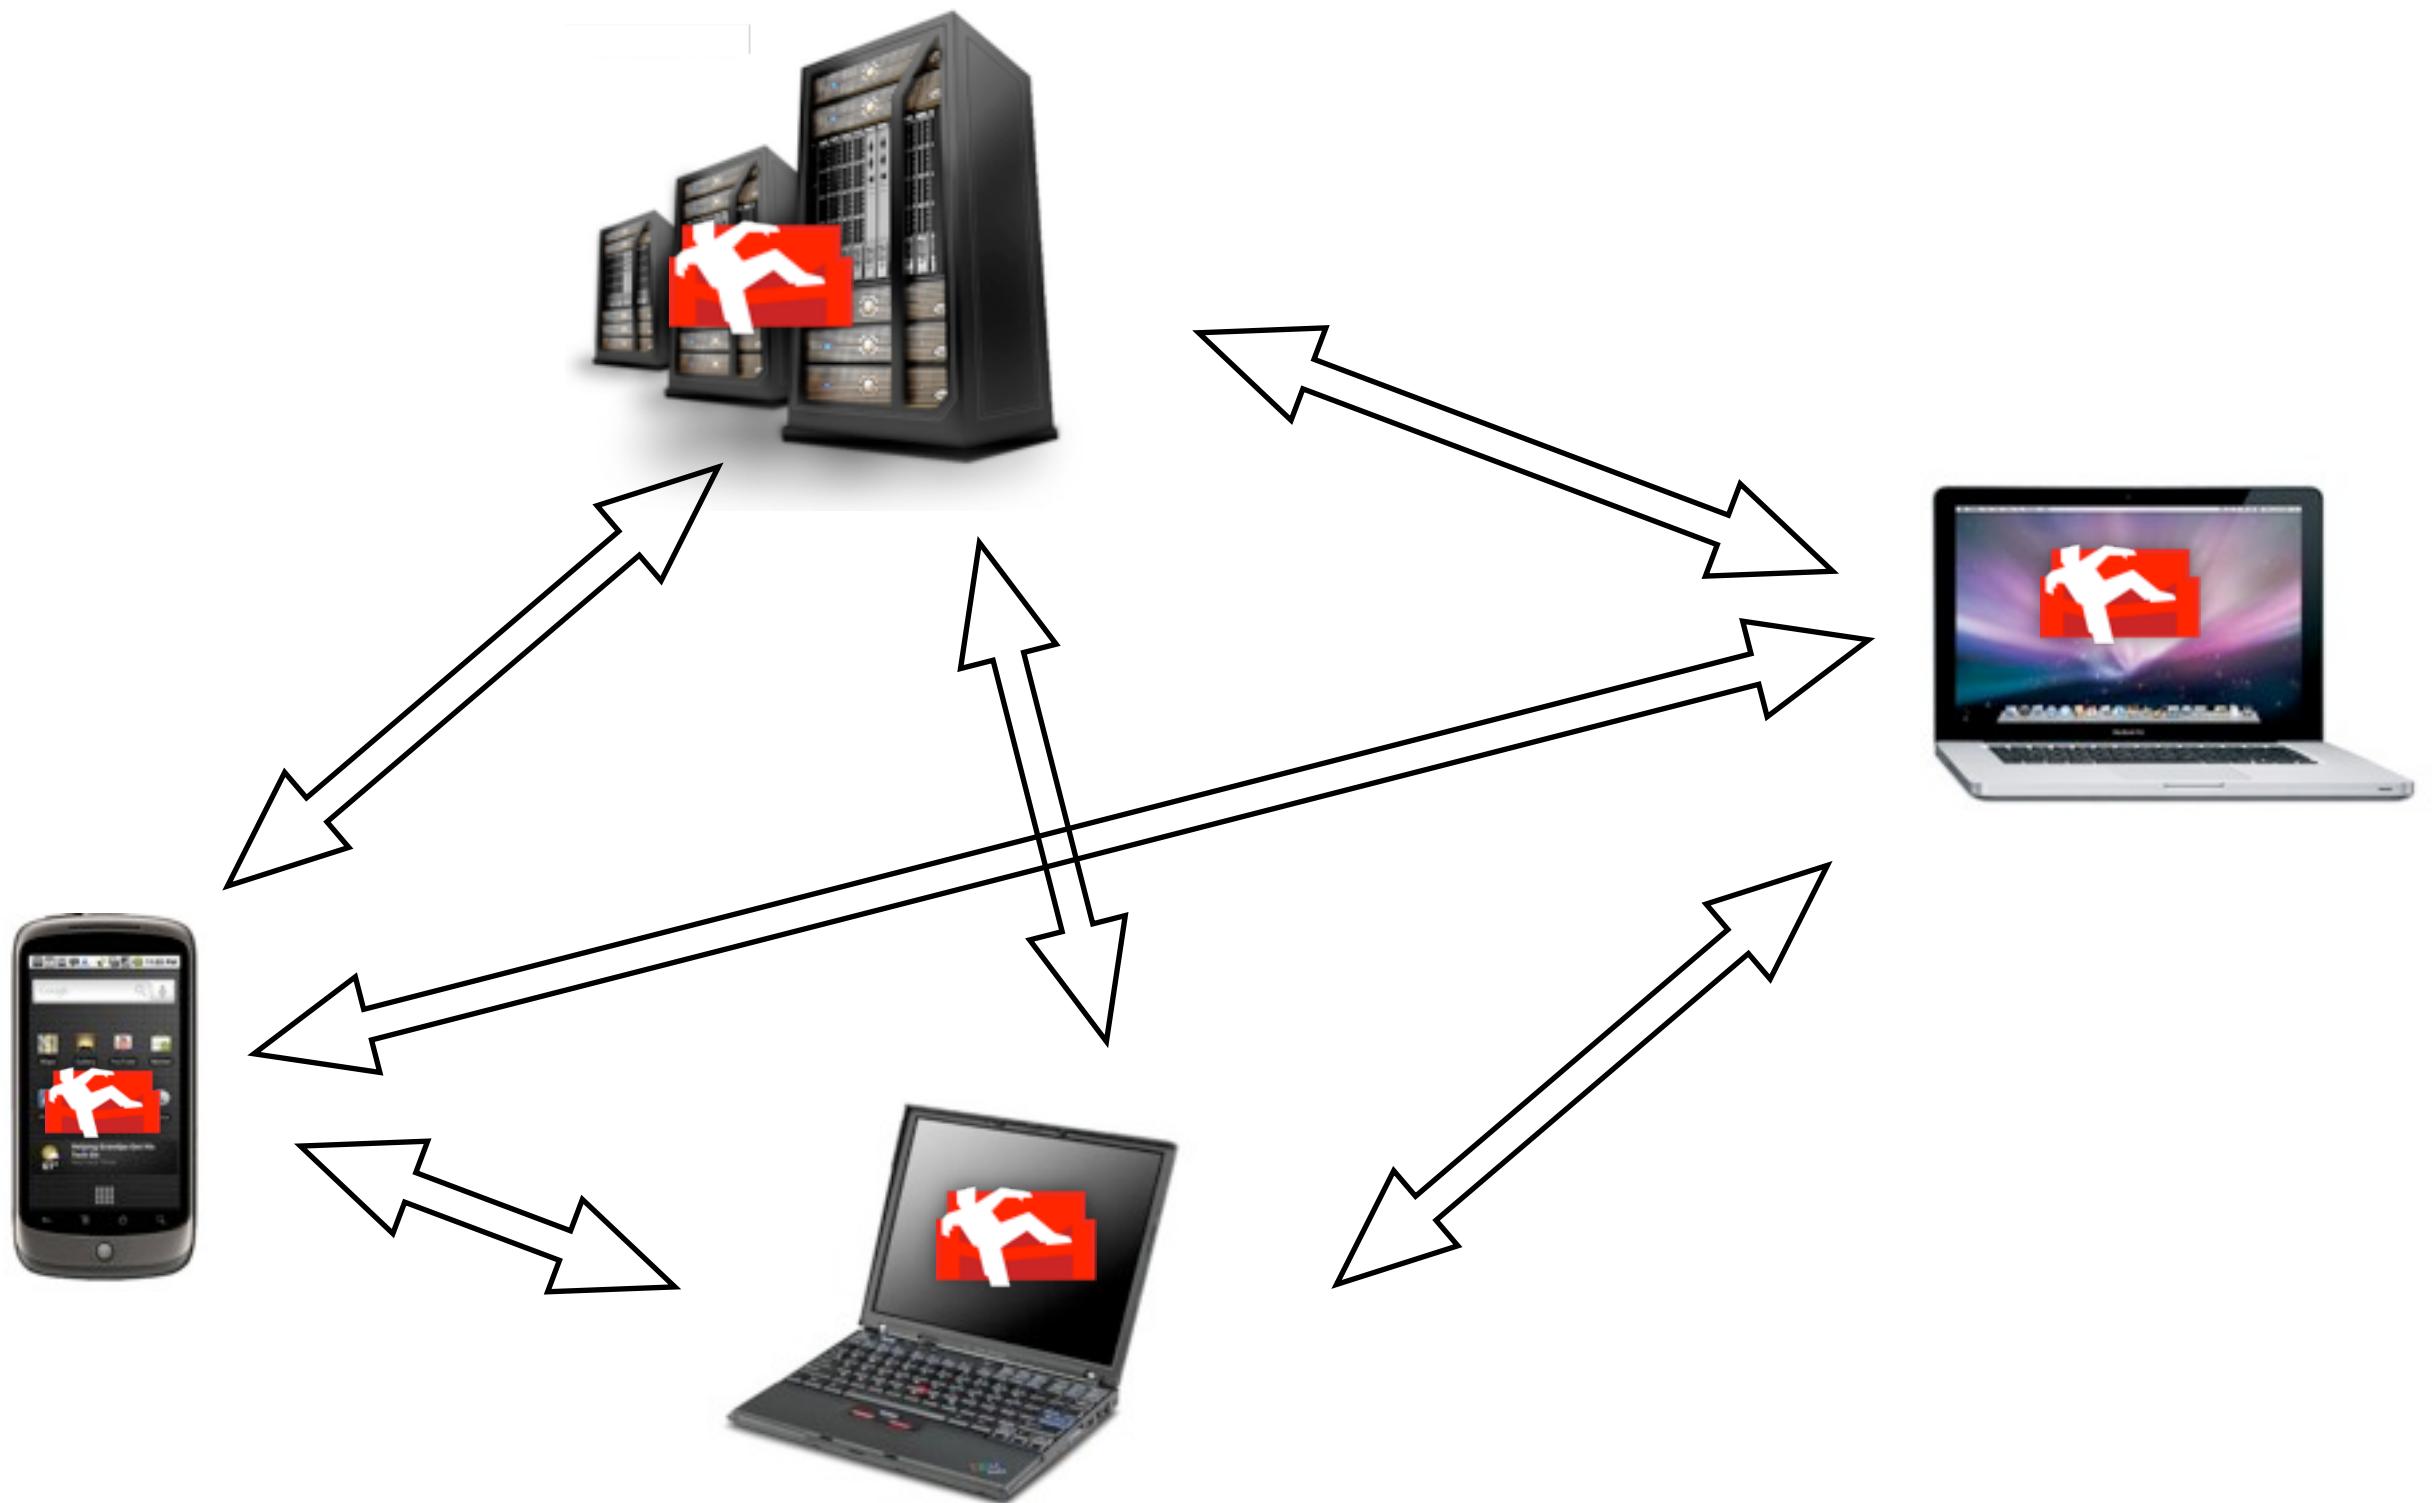

No, you can't have a pony

Wednesday, 26 May 2010

why is that cool?
functional programming : functions :: data : couchapps
replication

Wednesday, 26 May 2010

reliable p2p replication & conflict detection
latency — no domain is faster than localhost
can't add machines to make the network faster — physics
free data / users from facebook / china

Thanks!
